# SITUATION SUMMARY

## Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Level 1	Normal Operations	Normal Operations	Normal Operations

### Coronavirus Disease 2019 (COVID-19)

The Cal OES State Operations Center (SOC) activated 03/02/20 at 0700 hours in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

### **Situation Overview**

- **California State of Emergency Proclamation**

On 03/04/20, Governor Gavin Newsom declared a State of Emergency for California, as a result of the global COVID-19 outbreak that began in December 2019, to make additional resources available, formalize emergency actions already underway across multiple state agencies and departments, and help the state prepare for broader spread of COVID-19.

- **Global Health Advisory**

On 08/06/20, in close coordination with the U.S. Centers for Disease Control and Prevention (CDC), the Department of State lifted the Global Level 4 Health Advisory. The Global Advisory, initially put in place on 03/19/20, advised U.S. citizens to avoid all international travel due to the global impact of COVID-19. For more information visit: <https://www.state.gov/>.

- **State Executive Order N-33-20**

On 08/28/20, California introduced a blueprint for reducing COVID-19 in the state with revised criteria for loosening and tightening restrictions on activities by counties. Visit [Blueprint for a Safer Economy](#) for more information and to check the status of a county. This blueprint included a health equity metric to be used along with other metrics to determine a county's tier. The purpose of [Equity Metric](#) is to ensure California reopens its economy safely by reducing disease transmission in all communities.

### **Confirmed Global COVID-19 Cases – Per Worldometers COVID-19 Live Updates as of 01/09/21 at 1100 hours:**

- 89,732,411 (+839,270) total confirmed cases in 218 countries.
- 1,928,363 (+14,733) total deaths.

### **Confirmed United States COVID-19 Case – Per Centers for Disease Control and Prevention (CDC) as of 01/09/21 at 1000 hours:**

- 21,853,491 (+314,093) total confirmed cases.
- 367,652 (+3,623) total deaths.

### **Confirmed California COVID-19 Cases - Per Medical Health Coordination Center as of 01/09/21 at 1100 hours:**

- 2,621,277 (+52,636) total confirmed cases.

- Please see attached California Health & Human Services (CHHS) Agency / Cal OES Joint Situation Report for additional details.

# CALIFORNIA 911 SYSTEM

## California 911 Outages

Northern California	Central California	Southern California
No 911 Outages	No 911 Outages	No 911 Outages

### 9-1-1 Outage/Remote/Community Isolation

#### Multiple Communities Isolated, Contra Costa County (Initial/Final)

Comcast reports a Community Isolation affecting 30,580 VoIP users in Contra Costa County in zip codes 94505, 94509, 94511, 94513, 94514, 94531, 94541, 94548, 94561, and 94565. The isolation has been resolved. It was determined by the carrier that the outage was misreported and did not reach the reporting thresholds required by Cal OES.

- Time Outage Started: 01/09/21, 1143 hours
- Time Outage Reported: 01/09/21, 1215 hours
- Time of Resolution/Restoration: N/A
- Total Outage Time: N/A
- Jurisdiction Affected: Contra Costa SO, Antioch PD, Brentwood PD (Notified)
- Reason For Outage: Unknown
- Wireless Users Impacted: No
- Wireline Users Impacted: No
- VoIP Users Impacted: No

#### Service Interruptions

- None reported

# **WEATHER OF CONCERN**

## **NORTHERN CALIFORNIA**

- Nothing significant to report.

## **SOUTHERN CALIFORNIA**

- Nothing significant to report.

**Weather Advisories, Watches, and Warnings currently active in California:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca>

**Active Weather Warnings, Watches and Advisories by County:**

<http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

# **WEATHER KEY POINTS**

**01/10/21 - 01/16/21**

## **Sunday-Monday**

- Locally gusty winds and low humidity in southern California, especially in the mountains from Santa Barbara to Los Angeles County, will lead to elevated to briefly critical fire weather concerns through Monday
  - Wind gusts to 50 mph are possible and could produce minor damage and make travel difficult.
- Large breaking waves and high astronomical tides could lead to coastal flooding through Monday morning
  - Up to a foot of saltwater inundation is possible above sea level
  - Minor flooding of sea water is likely, a few hours before and after high tides, over vulnerable low-lying coastal areas such as parking lots, beaches, and walkways. Significant damage to roads or structures is NOT expected.
- A series of storms will bring rain to northwestern California Sunday and Monday.

## **Tuesday-Saturday**

- Steady and heavier rainfall is possible across far northwestern California late Monday night through early Thursday.
  - Confidence is low on how far south the heavy rain could develop, with most of the activity expected across Washington and Oregon.
  - Portions of Del Norte and Northern Humboldt Counties could experience some minor flooding in areas of poor drainage, and possible rock slides in areas of steep terrain.
- Central and Southern California should remain warm and dry through the week
- Another round of Santa Ana winds is possible Thursday through the weekend, but should be weaker than this weekend's event.

# CALIFORNIA WEATHER IMPACTS

01/10/21 - 01/16/21

<u>Hazards / Day</u>	SUN	MON	TUE	WED	THU	FRI	SAT

# PRECIPITATION FORECAST

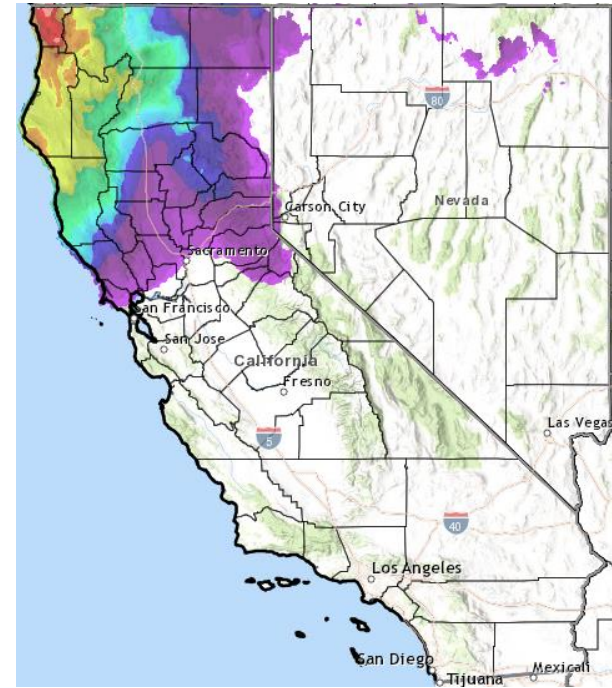

01/10/21 - 01/12/21

**Sunday**

**Monday**

**Tuesday**

**Precipitation (inches)**

# **WEATHER OUTLOOK**

**01/15/21 - 01/23/21**

## **6-10 Day Outlook (January 15 – January 19)**

### **Temperatures**

- Above normal temperatures are strongly favored statewide

### **Precipitation**

- Below normal precipitation is strongly favored across most of the state, except near normal precipitation is favored for southeast California

## **8-14 Day Outlook (January 17 – January 23)**

### **Temperatures**

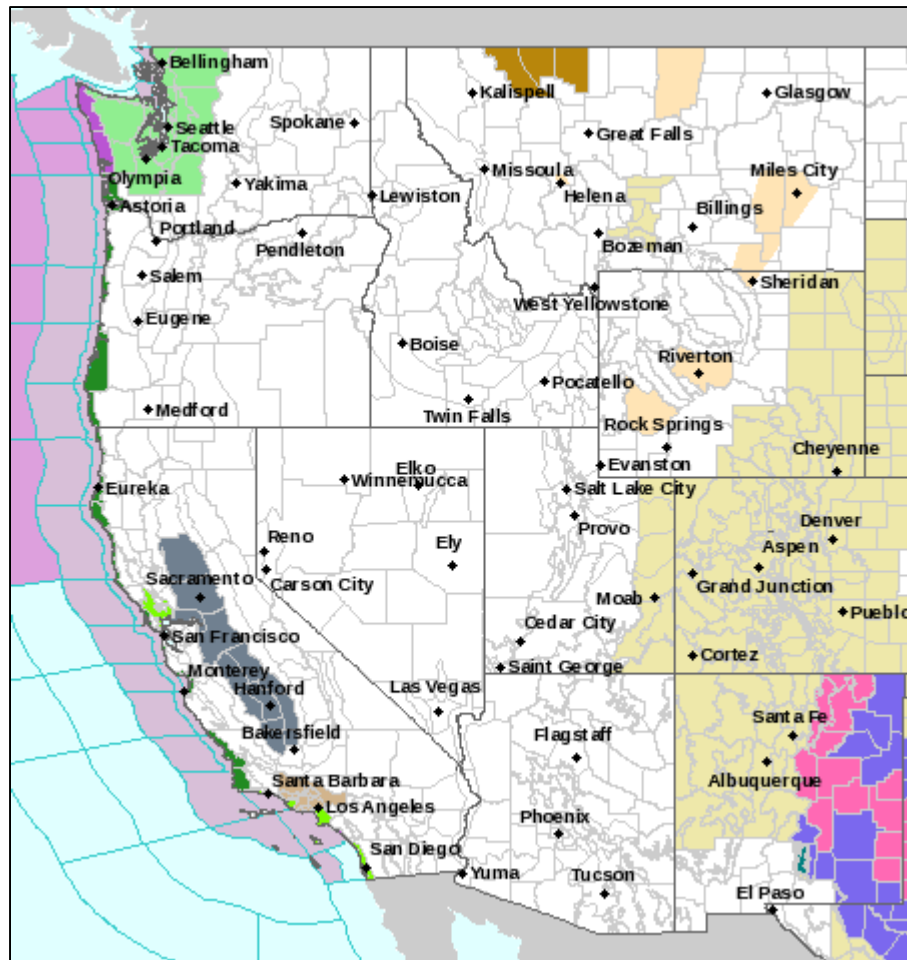

- Above normal temperatures are strongly favored statewide

### **Precipitation**

- Below normal precipitation is strongly favored across most of the state, except near normal precipitation is favored for southern California
